600016 Serpent S811 Cobra Buggy EP 1/8 4wd 2.1

New parts included (instead of earlier parts)

- 600476 Upright buggy 1/8 V2 (2)
  NOTE: the upright v2-R must be used on the Left side of the car, and the upright v2-L on the right side of the car.
- 600474 Wheelaxle buggy v2 (2)
- 600102 Driveshaft buggy 98mm (2)
- 600475 Wheel-axle boot rubber (2)
- 600665 C-hub 14 L+R alu
- 600240 Antiroll bar front 2.3mm

Assembly
The assembly is the same as before, so just follow steps as in the original manual.

Advantage
The new rear end geometry creates more rear end grip, traction and steering, as well as a more stable rear end.
